CLOUDANT DB

Register And Login To IBM Cloud:

Step 1: Create an IBM account

- 1. Go to the <u>IBM Cloud login page</u>, and click **Create an IBM Cloud account**.
- 2. Enter your IBM id email address. If you don't have an existing IBM id, an ID is createdbased on the email that you enter.
- 3. Complete the remaining fields with your information.
- 4. Click Create account.
- 5. Confirm your account by clicking the link in the confirmation email that's sent to your provided email address.

Step 2: Set up account MFA settings

- 1. Go to Manage > Access (IAM) > Settings in the IBM Cloud console.
- 2. Update the current authentication setting by clicking **Edit** in the Authentication section.
- 3. Select the type of MFA to enable in your account.

Step 3: Estimate your costs

- 1. Go to the <u>catalog</u>, and select **Services**.
- 2. Select a service that you are interested in.
- 3. Select a pricing plan, enter other configuration details if needed, and click **Add to estimate**.
- 4. Add the calculated cost to your estimate by clicking **Save**.
- 5. When you're done adding products to your estimate, click **Review** estimate to adetailed view of your estimate.

Step 4: Manage your invoices and payment methods

1. To manage your method for an account, go to **Manage>Billing and usage** in the IBM Cloud Console

Step 5: Set preference for receiving notifications

Step 6: Create your resource groups

- 1. Go to Manage > Account > Account resources > Resource groups in the IBM Cloud console.
- 2. Click Create.
- 3. Enter a name for your resource group, and click **Add**.

Step 7: Set up access

- 1. Go to **Manage** > **Access (IAM)** > **Access Groups** in the IBM Cloud console.
- 2. Click Create.
- 3. Enter a name for your group, and click **Create**.

Step 8: Invite users to your account

- 1. Go to **Manage** >**Access** (**IAM**) > **Users** in the IBM Cloud console.
- 2. Click Invite users.
- 3. Specify the email address of the user. If you are inviting more than one user, they are all assigned the same access.
- 4. Add the user to one or more of the access groups that you created in the previous step.
- 5. Click Invite.

Step 9: Explore your support action
